Dear Examiner Ettehadieh,

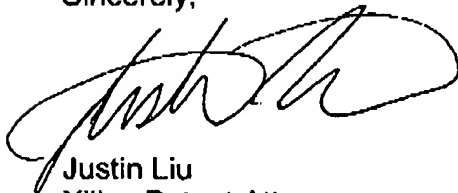

Thank you for the telephone conversations on the 13th and 14th of September 2007 regarding Xilinx docket number X-1056 US, filed on December 16, 2003 and assigned serial number 10/737,386.

Applicant respectfully submits the attached proposed amendments as we discussed where features of claim 9 are incorporated into claim 8, features of claim 13 are incorporated into claim 12, and claims 9 and 13 are cancelled. Note that a minor typographical error in claim 11 is also corrected, and claims 11 and 15 are also amended in order to maintain proper claim dependency in light of the above amendments. Applicant hereby submits claims 1-15 with current status.

It is believed that the attached Proposed Examiner's Amendment to the present application properly readies the application for allowance.
